

MEMBERSHIP APPLICATION

Dear Snowmobiler

There are a number of Trail changes this year including 3 new connection trails. In addition DATA has purchased a 4th Tucker to help with grooming on the Central Lakes Trail.

WE ASK YOU TO BECOME A DATA MEMBER FOR THE 2009-2010 SEASON. The annual membership is \$40 with \$20 going to DATA and \$20 going to the MNUSA our state snowmobile association.

Your membership is especially important this year thanks to the SKI-DOO MILLION DOLLAR CLUB SUPPORT PROGRAM. DATA will receive \$10 for every club donation certificate dropped off by a club member at our local Ski-Doo dealer (Ollie's Service) in Alexandria. You don't have to be a Ski-Doo owner or rider to participate. **A club member can pay for grooming one mile of trail this winter just by dropping off the certificate between September 1st and November 15th, 2009.** You may already have received the certificate in the mail or read about it in one of your snowmobile magazines. The certificate is available at ski-doo.com or you can pick one up at Ollie's Service. Club members dropping off just 150 certificates gives DATA a chance to win a new snowmobile from Ski-Doo.

It's easy to see why DATA needs your membership donation, but sometimes we forget what the state snowmobile association (MnUSA) does and why they also need our support. MnUSA provides DATA with access to trail liability and groomer insurance, as well as lobbying at the state capitol to ensure that our legislators recognize the economic value of snowmobiling to Minnesota's economy. The last 20 miles of trails added in Douglas county as well as this year's new 12 miles would not have been possible without their effort in getting the trail permit dollars dedicated to trail development and grooming. MnUSA also provides its members, including spouses and children under 18 with a death benefit insurance policy.

We could go on, but the \$40 combined membership is a great value and it is your way of supporting your sport. Please fill in the information below and send it to DATA as we need to update our roster before the snowmobiling season begins. Don't forget to drop by Ollie's Service with your certificate and this will earn another \$10 for DATA as well.
